

Day 2, September 11, 2025	Screen	Group ID	Poster ID	Full name	Country	Broad Categories	Abstract ID	Title
1400 - 1500	1	A	001	P Umar Farooq Baba	India	Basic Science	171	Upper limb salvage in Electric injuries
		A	002	Hiroki Hayashi	Japan	Basic Science	77	The thickness of the anterior oblique ligament during passive radial abduction of the thumb CMC joint.
		A	003	Shouta Kaneko	Japan	Basic Science	81	Changing in the F wave of the FPL muscle due to diff in the position of the CV angle during visual display terminal work: single case study
		A	004	Muhammed Najeeb Kollerri	India	Basic Science	177	Congenital absence of ulnar artery with persistent median artery - rare incidental finding in two cases.
		A	005	Jayesh Yadav	India	Other	213	Frozen shoulder- Arthroscopic circumferential capsular release
		A	006	Satyaswarup Tripathy	India	Other	220	Prospective Study of Soft Tissue Tumors of Hand and Upper Extremity
1400 - 1500	2	A	007	Rajan Tondon	India	Other	102	Efficacy of Composite grafting in fingertip amputations in paediatric population
		A	008	Anubhav Gupta	India	Other	158	Our Experience in Hand Burns Management: Optimizing Function and Aesthetic Outcomes
		A	009	P Umar Farooq Baba	India	Other	168	WALANT- making hand surgery easy
		A	010	Yoshitaka Hamada	Japan	Other	70	Short-Term Outcomes of Surface Replacement Arthroplasty for Secondary Post-Traumatic Osteoarthritis of the PIP Joint
		A	011	Muhammad Shafiq Azhar	Malaysia	Other	202	Ovine Tendon Collagen as Dermal Substitute for Hand Wound Coverage.
		A	012	Joshua Hadrian Fernandez	Philippines	Other	19	Clinical Outcomes of Trapeziectomy with LRTI vs Suspensionplasty in the Rx of Trapeziometacarpal OA : A Meta-Analysis
1400 - 1500	3	A	013	Andrzej Zyluk	Poland	Other	9	Pain control in chronic, refractory CRPS by continuous brachial plexus analgesia
		A	014	V Manjunath	India	Other	37	Chronic Refractory Tophaceous gout - Case presentation and surgical options in the hand surgeon's armamentarium
		A	015	Elaine Zi Fan Soh	Malaysia	Other	58	A Rare Case of Hamartoma in the Right Little Finger: Clinical Insights and Literature Review
		A	016	Ji Li	China	Other	63	The impact of high-grade facet joint violation on the radiographic degeneration of superior segment and clinical efficacy
		A	017	Takeru Yokota	Japan	Other	71	Preliminary Development of Endoscopic Flexor Tendon Suture Technique: A Cadaveric Case Study
		A	018	Prabodh Kantiwal	India	Other	159	Malignant Giant Cell Tumour of 5th Metacarpal: en-bloc resection and reconstruction with fibular strut grafting
1400 - 1500	4	A	019	Balakumaran Balakumaran	India	Other	190	Dangerous trend - injection of powdered opioid tablets by IV abusers causing myocutaneous necrosis around elbow
		A	020	John Ashutosh Santoshi	India	Other	206	Simultaneous Multidirectional Dislocation of all Five Carpometacarpal Joints with Loss of Thumb Sensibility.
		A	021	Monusha Mohan	India	Other	228	Surgical Correction of Thumb Deformity in Neglected Pediatric Trigger Thumb: A Clinical Outcome Study
		A	022	HARISH KUMAR D	India	Other	231	Unusual large multi-loculated dorsal wrist ganglion presenting with cheiralgia paresthetica - a case report
		A	023	HARISH KUMAR D	India	Other	233	Nodular hidradenoma mimicking a digital ganglion cyst in a 78 year old lady - a case report
		A	024	Nikhita Shetty	India	Other	247	Intra-operative Ultrasound in Hand Surgery – A reliable fallback
Day 2, September 11, 2025	1	B	025	Raghav Shrotriya	India	Brachial Plexus Injury	184	Free functioning muscle transfer for patients of Brachial plexus Injuries: Our experience
B		026	Raghav Shrotriya	India	Brachial Plexus Injury	185	Axillary nerve neurotization using triceps branch for achieving shoulder reanimation in cases of upper brachial plexus palsy: Surgical Technique	
B		027	Satyaswarup Tripathy	India	Brachial Plexus Injury	214	Enhancing Functional Recovery in Adult BPP: Synergistic Outcomes of Nerve Transfers & Home Observed Motor Education (HOME) Protocol	
B		028	Sayantani Misra	India	Brachial Plexus Injury	42	Prevention Strategies in Brachial Plexus Injuries: A Narrative Review	
B		029	Raghav Shrotriya	India	Brachial Plexus Injury	186	Spinal Accessory Nerve to Suprascapular Nerve transfer by dorsal approach for shoulder reanimation in BPI patients: Surgical Tech	
B		030	Anubhav Gupta	India	Brachial Plexus Injury	13	"Refining the Intercostal Nerve Harvest: Insights and Outcomes from Our Clinical Experience"	
1500 - 1600	2	B	031	Anubhav Gupta	India	Brachial Plexus Injury	12	Evaluating the Efficacy and Morbidity of Hypoglossal Nerve Transfer in Brachial Plexus injury
		B	032	MOHAMED AZEEM SYED MOHAMED	India	Brachial Plexus Injury	128	Reviving shoulder function: upper trapezius transfer for flail shoulder in brachial plexus injury
		B	033	Yoshitaka Hamada	Japan	Brachial Plexus Injury	69	Distal Fascicle of Ulnar or Median Nerve Transfer to Musculocutaneous Nerve: A Supplemental Procedure for BPI
		B	034	Gauthamen Punganan	Malaysia	Brachial Plexus Injury	104	A Case of Brachial Plexus Cystic Schwannoma Excision via Gruenewald Transmanubrial Approach
		B	035	vinayaditya sangani	India	Brachial Plexus Injury	88	Dorsal Approach for transfer of Spinal Accessory to Suprascapular Nerve for Restoration of Shoulder Function in Brachial Plexus Injuries
		B	036	Swatantra Aurobind Mohanty	India	Brachial Plexus Injury	6	Restoration of limb and functional mobility in a near total amputation of Shoulder : Solutions to an unique challenge
B	037	NAVANEETH P K	India	Brachial Plexus Injury	197	Prerequisites for optimising results of shoulder arthrodesis in post-traumatic brachial plexus palsy		
1500 - 1600	3	B	038	Blank				
		B	039	Satoshi Otani	Japan	Peripheral Nerves	83	Peripheral nerve injury repair using a nerve connector as an alternative to direct repair
		B	040	Wuttipong Siri Wittayakorn	Thailand	Peripheral Nerves	204	Motor branch of Ulnar nerve injury during open carpal tunnel release. Pitfalls and preventions.
		B	041	Muhammad Shafiq Azhar	Malaysia	Peripheral Nerves	201	Anatomical validation of the sonographic detection of small nervous structures.
		B	042	Shreosi Kaushik	India	Peripheral Nerves	4	Enhanced sensory relearning in sural nerve territory post peripheral nerve repair using sural nerve graft by repeated topical anaesthesia
		B	043	Devajyoti Guin	India	Peripheral Nerves	240	Malignant Peripheral Nerve Sheath Tumors (MPNST) of the Brachial Plexus: How we tamed this deadly predator!
B	044	Manesh kumar Jain	India	Peripheral Nerves	191	Median nerve palsy in pediatric radius shaft fracture-A case report		
1500 - 1600	4	B	045	Blank				
		B	046	IN CHEUL CHOI	South Korea	Peripheral Nerves	36	Selective Torsion of the Anterior Interosseous Nerve Branch to the Flexor Pollicis Longus: A Report of Two Cases
		B	047	Blank				
		B	048	Utsav Gupta	India	Peripheral Nerves	114	Isolated EDC-II Preservation in Traumatic Posterior interosseous nerve palsy: A Neuromuscular Puzzle
		B	049	TAKANORI HATANAKA	Japan	Peripheral Nerves	126	Chronological changes of grip and pinch strength by severity in carpal tunnel syndrome
		B	050	Ranjit Patil	India	Peripheral Nerves	129	Lipomatosis of Median Nerve: A Rare Case Report
B	051	SEIJI NISHIMURA	Japan	Peripheral Nerves	175	Recovery of hand sensation after nerve repair surgery at the wrist and elbow joints		
Day 2, September 11, 2025	1	C	052	Nikhil Jhunjunwala	India	Congenital Differences	250	Congentinal Hand: Our experience with Pollicisation and Radial club hand
C		053	Muhammad Shafiq Azhar	Malaysia	Congenital Differences	205	Musculoskeletal contracture and spasticity surgery affecting the fingers, ankles and toes in a patient Wilson's disease: A case report.	
C		054	V Manjunath	India	Congenital Differences	38	Vascular malformations of the hand - Varied presentations and the different challenges between surgeon, patient and outcome.	
C		055	Gowtham Krishnamurthy	India	Congenital Differences	124	A case report of bilateral congenital radial Drifting of fingers; a variation of Wind blown hand deformity.	
C		056	Surbhi Abrol	India	Congenital Differences	163	Poland syndrome- sporadic ,heterogenous manifestations	
C		057	PRATHAMESH MISHRA	India	Congenital Differences	207	A rare case of atypical 6 metacarpal cleft hand	
1600 - 1700	2	C	058	Nikhil Jhunjunwala	India	Microsurgery	251	Finger Reconstruction with vascularized partial osteo-onycho-cutaneous great toe transfer Its time to address the donor site
		C	059	Anuradha Yadav	India	Microsurgery	146	Outcomes of brachial artery revascularization following delayed presentation of traumatic brachial artery injury
		C	060	Nikhil Jhunjunwala	India	Microsurgery	249	Reimplantation in bike chain amputation: Role of vein graft in repair
		C	061	Hari Prasad V	India	Microsurgery	26	Microvascular Free PIP Joint Transfer from second Toe to Index Finger for Lytic Bone tumour of Proximal Phalanx: A Case Report
		C	062	Asha Deepthi Bathini	India	Microsurgery	97	Severe axillary contracture in Juvenile Dermatomyositis- A rare indication for free tissue reconstruction
		C	063	Surya Yashaswi PVS	India	Microsurgery	118	Sensate medial plantar artery free flap for volar hand defects- A Versatile solution for post burn contractures & post traumatic defects
1600 - 1700	3	C	064	Satoshi Kodaira	Japan	Microsurgery	161	Novel Perforator Propeller Flap from the Palm for Dupuytren's and Post-traumatic Scar Contractures
		C	065	Tomoyuki Koike	Japan	Microsurgery	162	Range of Motion After Free Flap Reconstruction for Finger Defects Following Trauma
		C	066	Deepti Gupta	India	Microsurgery	178	Microvascular soft tissue reconstruction of upper extremity in electric contact burns
		C	067	Ritesh Panda	India	Microsurgery	216	Management of 1-month-old Stuck industrial Rings in Fingers of a psychiatric patient presenting to the Emergency Department
		C	068	KUSHAL SHAH	India	Trauma - Fractures	17	Management of Complex Intra-Articular IP Joint Fracture with Unique Static-Dynamic Uniplanar Fixator in demanding professional
		C	069	Rajan Tondon	India	Trauma - Fractures	99	Efficacy of Suzuki's Pin Rubber Traction method in treatment of articular fractures of PIPJ in fingers
1600 - 1700	4	C	070	Niharika Virkar	India	Trauma - Fractures	235	Functional Variability Amongst Digits: Insights from 50 PIP Joint Injuries.
		C	071	Anirban Chatterjee	India	Trauma - Fractures	181	Putting the "Arm" in Harm's Way: injuries due to Arm Wrestling
		C	072	VESHEGAN RANGANATHAN	Malaysia	Trauma - Fractures	174	Let's straighten it out: a rare case of chronic osteomyelitis complicated with malunion
		C	073	IN CHEUL CHOI	South Korea	Trauma - Fractures	35	Suture Tension-Band Fixation for Avulsion Fracture of the Thumb Metacarpophalangeal Joint
		C	074	Woraphon Jaroenporn	Thailand	Trauma - Fractures	16	Towards Painless Orthopedic Care: Circumferential Block in Distal Radius Fracture Reduction
		C	075	VESHEGAN RANGANATHAN	Malaysia	Trauma - Fractures	173	Breaking boundaries: a case of epilepsy related implant failure resulting in wrist arthrodesis
1600 - 1700	4	C	076	DHWANIL TADA	India	Trauma - Fractures	179	Correction of malunited Forearm fracture using 3D analysis and custom made plate
		C	077	Vikrant Khanna	India	Trauma - Fractures	194	Management of Distal Radius non union with CRPS in elderly- A case report.
		C	078	Arun Ravindran	India	Trauma - Fractures	241	A case of post traumatic rotational deformity of multiple fingers treated by Osteotomy and plate fixation under WALANT
		D	079	Mehek Gupta	Singapore	Wrist	2	Outcomes of Simultaneous Open Triangular Fibrocartilage Complex Repair with Extensor Carpi Ulnaris Stabilization
		D	080	JUNKO SATO	Japan	Wrist	30	Late collapse of traumatic trapezium fracture treated with external fixator and β-tricalcium phosphate graft
		D	081	Prabodh Kantiwal	India	Wrist	152	Massive Synchronous Multi-lobed Scapho-Trapezeal Osteochondroma in a 4-Year-Old Child: A Rare Case Report
1400 - 1500	1	D	082	Prabodh Kantiwal	India	Wrist	160	Osteoblastoma Of Hamate Treated With Extended Curettage And Autologous Bone Grafting: A Rare Case Report
		D	083	Manesh Kumar Jain	India	Wrist	222	management of Neglected volar ulnar head dislocation of DRUJ
		D	084	Karthigesu Murugan	Malaysia	Elbow	96	Chronic Elbow Injury :Reconstruction with Box-Loop Method utilising Achilles Tendon Autograft
		D	085	Issei Nagura	Japan	Elbow	65	Total elbow arthroplasty for lateral humerus delayed union; a case report
		D	086	Dinesh Kadam	India	Tendon Disorders	154	Flexor tendon Injury Zone 1 & 2 Repair and outcomes
		D	087	Hyun Il Lee	South Korea	Tendon Disorders	111	An anatomical study to ensure precise percutaneous release of the annular pulley in the trigger finger
1400 - 1500	2	D	088	Blank				
		D	089	JUNKO SATO	Japan	Tendon Disorders	39	Comparison of mid-term & short-term results of USG guided corticosteroid inj for DeQuervain's disease patients with septate compartment
		D	090	Utsav Gupta	India	Tendon Disorders	119	Two-Stage Flexor Tendon Reconstruction Using Hollow Tube Spacers: A Functional Outcome Evaluation
		D	091	Surya Yashaswi PVS	India	Trauma - Soft tissue	115	Management of Post-Traumatic Dorsal Hand Defects Using Various Surgical Resurfacing Techniques: A Functional Outcome Evaluation of 20 Cases
		D	092	KUSHAL SHAH	India	Trauma - Soft tissue	18	Management of Dorsal Digital Defects Using the Dorsal Digital Arterial Island Flap
		D	093	CRISTINE CRISOLOGO	Philippines	Trauma - Soft tissue	55	Traumatic Amputation of Thumb thru P1 : Successful Reconstruction by Gillies Tech & Reverse Radial Forearm Flap: A Case Report
1400 - 1500	3	D	094	Rahul Dubepuria	India	Trauma - Soft tissue	29	Traumatic Hand Injury Management And Outcome- Our Experience At A Tertiary Care Facility
		D	095	Blank				
		D	096	Blank				
		D	097	Shanmugam Thangavelu	India	Trauma - Soft tissue	116	A case of reverse lateral arm flap for proximal below elbow traumatic amputation
		D	098	LATHEESH LEO	India	Trauma - Soft tissue	142	Rebuilding hope: salvaging degloving injury of upper limb with staged flap reconstruction & restoration of function
		D	099	Nikhil Jhunjunwala	India	Trauma - Soft tissue	248	An unusual case of silent rubber band constriction- a toddler's wrist tragedy
Day 3, September 12, 2025 Final of Best 4 Posters 1500 - 1600	4							
			Top 2 Posters get a copy of 'The Grasping Hand' each
