

Poster Presentation Schedule

Title of Poster	Presenter	Country	Day of conf	Date	Session from	Session to	Hall
A-001 Upper limb salvage in Electric injuries (Submitted Abstract ID-171)	P Umar Farooq Baba	India					
A-002 The thickness of the anterior oblique ligament during passive radial abduction of the thumb CMC joint. (Submitted Abstract ID-77)	Hiroki Hayashi	Japan					
A-003 Changing in the F wave of the flexor pollicis longus muscle due to differences in the position of the craniovertebral angle during visual display terminal work: single case study (Submitted Abstract ID-81)	Shoula Kaneko	Japan	Day 2	11th Sept 2025	1400	1500	PIN Screen 1
A-004 Congenital absence of ulnar artery with persistent median artery - rare incidental finding in two cases. (Submitted Abstract ID-177)	Muhammed Najeeb Kolleri	India					
A-005 Frozen shoulder- Arthroscopic circumferential capsular release (Submitted Abstract ID-213)	Jayesh Yadav	India					
A-006 Prospective Study of Soft Tissue Tumors of Hand and Upper Extremity (Submitted Abstract ID-220)	Salyasarup Tirpathy	India					
A-007 Efficacy of Composite grafting in fingertip amputations in paediatric population (Submitted Abstract ID-102)	Rajan Tondon	India					
A-008 Our Experience in Hand Burns Management: Optimizing Function and Aesthetic Outcomes (Submitted Abstract ID-158)	Anubhav Gupta	India	Day 2	11th Sept 2025	1400	1500	PIN Screen 2
A-009 WALANT- making hand surgery easy (Submitted Abstract ID-168)	P Umar Farooq Baba	India					
A-010 Short-Term Outcomes of Surface Replacement Arthroplasty for Secondary Post-Traumatic Osteoarthritis of the PIP Joint (Submitted Abstract ID-70)	Yoshitaka Hamada	Japan					
A-012 Clinical Outcomes of Trapeziectomy with Ligament Repair and Tendon Interposition (LRTI) Versus Trapeziectomy with Suspensionplasty in the Treatment of Trapeziometacarpal Osteoarthritis: A Meta-Analysis (Submitted Abstract ID-19)	Joshua Hadrian Fernandez	Philippines					
A-013 Pain control in chronic, refractory CRPS by continuous brachial plexus analgesia (Submitted Abstract ID-9)	Andrzej Zyluk	Poland					
A-014 Chronic Refractory Tophaceous gout - Case presentation and surgical options in the hand surgeon's armamentarium (Submitted Abstract ID-37)	V Manjunath	India					
A-015 A Rare Case of Hamartoma in the Right Little Finger: Clinical Insights and Literature Review (Submitted Abstract ID-58)	Elaine Zi Fan Soh	Malaysia	Day 2	11th Sept 2025	1400	1500	PIN Screen 3
A-016 The impact of high-grade facet joint violation on the radiographic degeneration of superior segment and clinical efficacy (Submitted Abstract ID-63)	Ji Li	China					
A-017 Preliminary Development of Endoscopic Flexor Tendon Suture Technique: A Cadaveric Case Study (Submitted Abstract ID-71)	Takeru Yokota	Japan					
A-019 Dangerous trend - injection of powdered opioid tablets by IV abusers causing myocutaneous necrosis around elbow (Submitted Abstract ID-190)	Balakumaran Balakumaran	India					
A-020 Simultaneous Multidirectional Dislocation of all Five Carpometacarpal Joints with Loss of Thumb Sensibility. (Submitted Abstract ID-206)	John Ashutosh Santoshi	India					
A-021 Surgical Correction of Thumb Deformity in Neglected Pediatric Trigger Thumb: A Clinical Outcome Study (Submitted Abstract ID-228)	Monisha Mohan	India	Day 2	11th Sept 2025	1400	1500	PIN Screen 4
A-022 UNUSUAL LARGE MULTICULATED DORSAL WRIST GANGLION CYST PRESENTING WITH CHEIRALGIA PARESTHETICA IN A 28 YEAR OLD FEMALE- A CASE REPORT (Submitted Abstract ID-231)	Harish Kumar D	India					
A-023 NODULAR HIDRADENOMA MIMICKING A DIGITAL GANGLION CYST IN A 78 YEAR OLD FEMALE - A CASE REPORT (Submitted Abstract ID-233)	Harish Kumar D	India					
A-024 Intra-operative Ultrasound in Hand Surgery – A reliable fallback (Submitted Abstract ID-247)	Nikita Shetty	India					
B-025 Free functioning muscle transfer for patients of Brachial plexus Injuries: Our experience (Submitted Abstract ID-184)	Raghav Shrotriya	India					
B-026 Axillary nerve neurotization using triceps branch for achieving shoulder reanimation in cases of upper brachial plexus palsy: Surgical Technique (Submitted Abstract ID-185)	Raghav Shrotriya	India					
B-027 Enhancing Functional Recovery in Adult Brachial Plexus Palsy: Synergistic Outcomes of Nerve Transfers and Home Observed Motor Education (HOME) Protocol (Submitted Abstract ID-214)	Salyasarup Tirpathy	India	Day 2	11th Sept 2025	1500	1600	PIN Screen 1
B-028 Prevention Strategies in Brachial Plexus Injuries: A Narrative Review (Submitted Abstract ID-42)	Sayantani Misra	India					
B-029 Spinal Accessory Nerve to Suprascapular Nerve transfer by dorsal approach for shoulder reanimation in BPI patients: Surgical Technique (Submitted Abstract ID-186)	Raghav Shrotriya	India					
B-030 "Refining the Intercostal Nerve Harvest: Insights and Outcomes from Our Clinical Experience" (Submitted Abstract ID-13)	Anubhav Gupta	India					
B-031 Evaluating the Efficacy and Morbidity of Hypoglossal Nerve Transfer in Brachial Plexus injury (Submitted Abstract ID-12)	Anubhav Gupta	India					
B-032 REVIVING SHOULDER FUNCTION: UPPER TRAPEZIUS TRANSFER FOR FLAIL SHOULDER IN BRACHIAL PLEXUS INJURY (Submitted Abstract ID-128)	Mohamed Azeem Syed Mohamed	India					
B-033 Distal Fascicle of the Ulnar or Median Nerve Transfer to the Musculocutaneous Nerve: A Supplemental Procedure for Brachial Plexus Injury (Submitted Abstract ID-69)	Yoshitaka Hamada	Japan	Day 2	11th Sept 2025	1500	1600	PIN Screen 2
B-034 A Case of Brachial Plexus Cystic Schwannoma Excision via Grunenwald Transmanubrial Approach (Submitted Abstract ID-104)	Gauthamen Punganan	Malaysia					
B-035 Dorsal Approach for transfer of Spinal Accessory to Suprascapular Nerve for Restoration of Shoulder Function in Brachial Plexus Injuries (Submitted Abstract ID-88)	Vinayditya Sangani	India					
B-036 Restoration of limb and functional mobility in a near total amputation of Shoulder : Solutions to an unique challenge (Submitted Abstract ID-6)	Swatanra Aurobind Mohanty	India					
B-038 Open-source versus Commercial Vision Large Language Models in Orthopedic Clinical Reasoning (Submitted Abstract ID-11)	Junseok Won	South Korea					
B-039 Peripheral nerve injury repair using a nerve connector as an alternative to direct repair (Submitted Abstract ID-83)	Satoshi Otani	Japan					
B-040 Motor branch of Ulnar nerve injury during open carpal tunnel release: Pitfalls and preventions. (Submitted Abstract ID-204)	Wuttpong Sirivittayakorn	Thailand	Day 2	11th Sept 2025	1500	1600	PIN Screen 3
B-042 Enhanced sensory relearning in sural nerve territory post peripheral nerve repair using sural nerve graft by repeated topical anaesthesia (Submitted Abstract ID-4)	Shreosi Sarkar	India					
B-043 Malignant Peripheral Nerve Sheath Tumors (MPNST) of the Brachial Plexus: How we tamed this deadly predator (Submitted Abstract ID-240)	Devayoti Guin	India					
B-044 Median nerve palsy in pediatric radius shaft fracture-A case report (Submitted Abstract ID-191)	Manesh Jain	India					
B-046 Selective Torsion of the Anterior Interosseous Nerve Branch to the Flexor Pollicis Longus: A Report of Two Cases (Submitted Abstract ID-36)	In Cheul Choi	South Korea					
B-048 Isolated EDC-II Preservation in Traumatic Posterior interosseous nerve palsy: A Neuromuscular Puzzle (Submitted Abstract ID-114)	Utsav Gupta	India	Day 2	11th Sept 2025	1500	1600	PIN Screen 4
B-049 Chronological changes of grip and pinch strength by severity in carpal tunnel syndrome (Submitted Abstract ID-126)	Takanori Hatanaka	Japan					
B-050 Lipomatosis of Median Nerve: A Rare Case Report (Submitted Abstract ID-129)	Ranjit Patil	India					
B-051 Recovery of hand sensation after nerve repair surgery at the wrist and elbow joints (Submitted Abstract ID-175)	Seiji Nishimura	Japan					
C-052 Congenital Hand: Our experience with Pollicisation and Radial club hand (Submitted Abstract ID-250)	Nikhil Jhunjhunwala	India					
C-053 Prerequisites for optimising results of shoulder arthrodesis in post-traumatic brachial plexus palsy (Submitted Abstract ID-197)	Navaneeth P K	India					
C-054 Vascular malformations of the hand - Varied presentations and the different challenges between surgeon, patient and outcome. (Submitted Abstract ID-38)	V Manjunath	India	Day 2	11th Sept 2025	1600	1700	PIN Screen 1
C-055 A case report of bilateral congenital radial Drifting of fingers; a variation of Wind blown hand deformity. (Submitted Abstract ID-124)	Gowtham Krishnamurthy	India					
C-056 Poland syndrome- sporadic, heterogenous manifestations (Submitted Abstract ID-163)	Surbhi Abrol	India					
C-057 A RARE CASE OF ATYPICAL 6 METACARPAL CLEFT HAND (Submitted Abstract ID-207)	Prahlamesh Mishra	India					
C-058 Finger Reconstruction with vascularized partial osteo-onycho-cutaneous great toe transfer its time to address the donor site (Submitted Abstract ID-251)	Nikhil Jhunjhunwala	India					
C-059 Outcomes of brachial artery revascularization following delayed presentation of traumatic brachial artery injury (Submitted Abstract ID-146)	Anuradha Yadav	India					
C-060 Replantation in bike chain amputation: Role of vein graft in repair (Submitted Abstract ID-249)	Nikhil Jhunjhunwala	India					
C-061 Microvascular Free Proximal Interphalangeal Joint Transfer from second Toe to Index Finger for Lytic Bone tumour of Proximal Phalanx: A Case Report (Submitted Abstract ID-28)	Hari Prasad V	India					
C-062 Severe axillary contracture in Juvenile Dermatomyositis- A rare indication for free tissue reconstruction (Submitted Abstract ID-97)	Asha Deepthi Bathini	India	Day 2	11th Sept 2025	1600	1700	PIN Screen 2
C-063 Sensate medial plantar artery free flap for volar hand defects- A Versatile solution for post burn contractures and post traumatic defects (Submitted Abstract ID-118)	Surya Yashaswi PVS	India					
C-064 Novel Perforator Propeller Flap from the Palm for Dupuytren's and Post-traumatic Scar Contractures (Submitted Abstract ID-161)	Satoshi Kodaira	Japan					
C-065 Range of Motion After Free Flap Reconstruction for Finger Defects Following Trauma (Submitted Abstract ID-162)	Tomoyuki Koike	Japan					
C-066 Microvascular soft tissue reconstruction of upper extremity in electric contact burns (Submitted Abstract ID-178)	Deepthi Gupta	India					
C-067 Management of 1-month-old Stuck industrial Rings in Fingers of a psychiatric patient presenting to the Emergency Department (Submitted Abstract ID-216)	Ritesh Panda	India					
C-068 Management of Complex Intra-Articular Interphalangeal Joint Fracture with Unique Static-Dynamic Uniplanar Fixator in demanding professional (Submitted Abstract ID-17)	Kushal Shah	India	Day 2	11th Sept 2025	1600	1700	PIN Screen 3
C-069 Efficacy of Suzuki's Pin Rubber Traction method in treatment of articular fractures of PIPJ in fingers (Submitted Abstract ID-99)	Rajan Tondon	India					
C-070 Functional Variability Amongst Digits: Insights from 50 PIP Joint Injuries. (Submitted Abstract ID-235)	Niharika Virkar	India					
C-071 Putting the "Arm" in Harm's Way: injuries due to Arm Wrestling (Submitted Abstract ID-181)	Anirban Chatterjee	India					
C-072 LET'S STRAIGHTEN IT OUT: A RARE CASE OF CHRONIC OSTEOMYELITIS COMPLICATED WITH MALUNION (Submitted Abstract ID-174)	Veshegan Ranganathan	Malaysia					
C-073 Suture Tension-Band Fixation for Avulsion Fracture of the Thumb Metacarpophalangeal Joint (Submitted Abstract ID-35)	In Cheul Choi	South Korea					
C-074 Towards Painless Orthopedic Care: Circumferential Block in Distal Radius Fracture Reduction (Submitted Abstract ID-16)	Woraphon Jaroenpon	Thailand					
C-075 BREAKING BOUNDARIES: A CASE OF EPILEPSY RELATED IMPLANT FAILURE RESULTING IN WRIST ARTHRODESIS (Submitted Abstract ID-173)	Veshegan Ranganathan	Malaysia	Day 2	11th Sept 2025	1600	1700	PIN Screen 4
C-076 Correction of malunited Forearm fracture using 3D analysis and custom made plate (Submitted Abstract ID-179)	Dhwanil Tada	India					
C-077 Management of Distal Radius non union with CRPS in elderly- A case report. (Submitted Abstract ID-194)	Vikrant Khanna	India					
C-078 A case of post traumatic rotational deformity of multiple fingers treated by Osteotomy and plate fixation under WALANT (Submitted Abstract ID-241)	Arun Ravindran	India					
D-080 Late collapse of traumatic trapezium fracture treated with external fixator and $\beta$ -tricalcium phosphate graft (Submitted Abstract ID-30)	Junko Sato	Japan					
D-083 management of Neglected volar ulnar head dislocation of DRUJ (Submitted Abstract ID-222)	Manesh Jain	India					
D-084 Chronic Elbow Injury :Reconstruction with Box-Loop Method utilising Achilles Tendon Autograft (Submitted Abstract ID-96)	Karthigesu Murugan	Malaysia					
D-085 Total elbow arthroplasty for lateral humerus delayed union: a case report (Submitted Abstract ID-65)	Issei Nagura	Japan	Day 3	12th Sept 2025	1400	1500	PIN Screen 1
D-086 Flexor tendon injury Zone 1 & 2 Repair and outcomes (Submitted Abstract ID-154)	Dinesh Kadam	India					
D-087 An anatomical study to ensure precise percutaneous release of the annular pulley in the trigger finger (Submitted Abstract ID-111)	Hyun Il Lee	South Korea					
D-089 Comparison of mid-term and short-term results of ultrasound-guided corticosteroid injection for de Quervain's disease patients with septate compartment between two procedures (Submitted Abstract ID-39)	Junko Sato	Japan					
D-090 Two-Stage Flexor Tendon Reconstruction Using Hollow Tube Spacers: A Functional Outcome Evaluation (Submitted Abstract ID-119)	Utsav Gupta	India					
D-091 Management of Post-Traumatic Dorsal Hand Defects Using Various Surgical Resurfacing Techniques: A Functional Outcome Evaluation of 20 Cases (Submitted Abstract ID-115)	Surya Yashaswi PVS	India					
D-092 Management of Dorsal Digital Defects Using the Dorsal Digital Arterial Island Flap (Submitted Abstract ID-18)	Kushal Shah	India					
D-094 Traumatic Hand Injury Management And Outcome- Our Experience At A Tertiary Care Facility (Submitted Abstract ID-29)	Rahul Dubepuria	India	Day 3	12th Sept 2025	1400	1500	PIN Screen 2
D-097 A case of reverse lateral arm flap for proximal below elbow traumatic amputation and a cadaveric study to find out vascularity to the reverse lateral arm flap by injecting lead oxide dye (Submitted Abstract ID-116)	Shanmugam Thangavelu	India					
D-098 REBUILDING HOPE- SALVAGING DEGLIVING INJURY OF UPPER LIMB WITH STAGED FLAP RECONSTRUCTION AND RESTORATION OF FUNCTION (Submitted Abstract ID-142)	Lathesh Leo	India					
D-099 AN UNUSUAL CASE OF SILENT RUBBER BAND CONSTRICTION- A TODDLER'S WRIST TRAGEDY (Submitted Abstract ID-248)	Nikhil Jhunjhunwala	India
